Work chart C once. (181 sts)
Work rows 1-24 of chart B twice. (277 sts)
Work chart C once. (325 sts)

Note: Written directions for charts are on pages 5 & 6.

ELASTIC BIND OFF:

(WS) K2, insert LHN into both stitches, k2togtbl, *k1, insert LHN into both stitches, k2togtbl* to end of shawl. Break yarn and pull through remaining stitch.

BLOCK SHAWL:

Fully submerge shawl in basin of tepid water with wool wash. Soak shawl for a couple of hours. Pour out water and remove all excess water from shawl. Place shawl on a large, absorbent towel and roll it up to squeeze out more water. Unroll and pin shawl out onto a blocking mat. Pin to finished dimensions. Let air dry for 24 hours.

ATTACH FRINGE:

With yarn held double, measure and cut the strands of yarn to 10". These 2 strands equal 1 piece of fringe. Repeat this 163 times. (81 pieces per edge of shawl + 1 at center point)
Attach each piece of fringe by inserting crochet hook (from back to front of shawl) and hooking the piece of fringe at the middle part and pulling it through to the back of shawl, creating a small loop. Grab the 4 strands of the fringe piece and pull them back through the loop just made. Tighten up the knot to secure it. Repeat this all along both edges of the shawl. Insert fringe directly through each YO of the eyelet garter bands (178 YO's), then insert fringe into the center slip stitch at the center spine of the shawl, and into the increase YO's on either side of the center spine. Insert the final two pieces of fringe into the first and last BO loop (the right and left points of the shawl.) Make sure all of the fringe is knotted securely. Trim up the fringe so all the pieces are even with each other.

Weave in all the ends. Steam fringe lightly if desired.
