## TIPS FOR SUCCESS

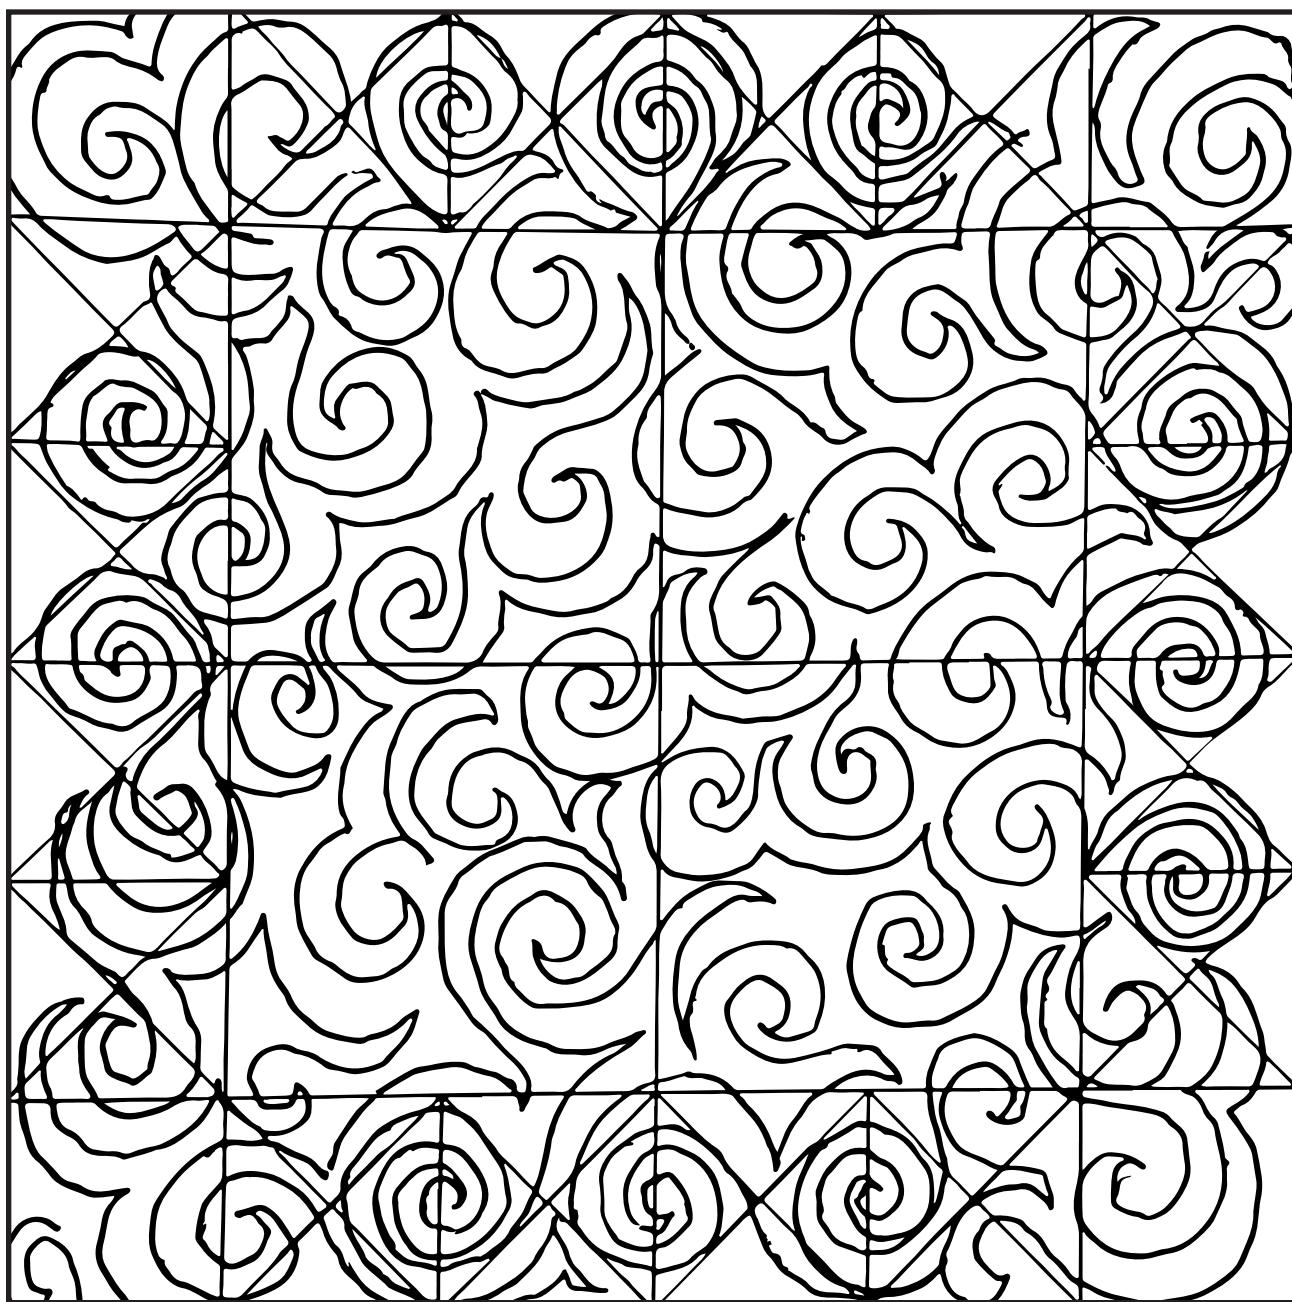

- 1. WATCH THE EPISODE!**  
See how Angela pieces and quilts these designs as she works her way through the quilt top. Go to [youtube.com/midnightquiltshow](https://youtube.com/midnightquiltshow) and search for Four Square.
- 2. GET THE DIAGRAMS**  
See the next few pages for Angela's sketched quilting designs. These are a great starting point for quilting ideas-- whether you want to Turn In Early with something simpler, or stay Up All Night with more free-motion fun.
- 3. GET YOUR MACHINE READY**  
Prepare for quilting success by ensuring that your machine needle is sharp. Are you experiencing breakage of your top thread, or skipped stitches? Do you hear a quiet popping sound when your needles move through the fabric? These are all signs that your needle is dull and it's time for a change.

# TURN IN EARLY

## Quilting Diagram

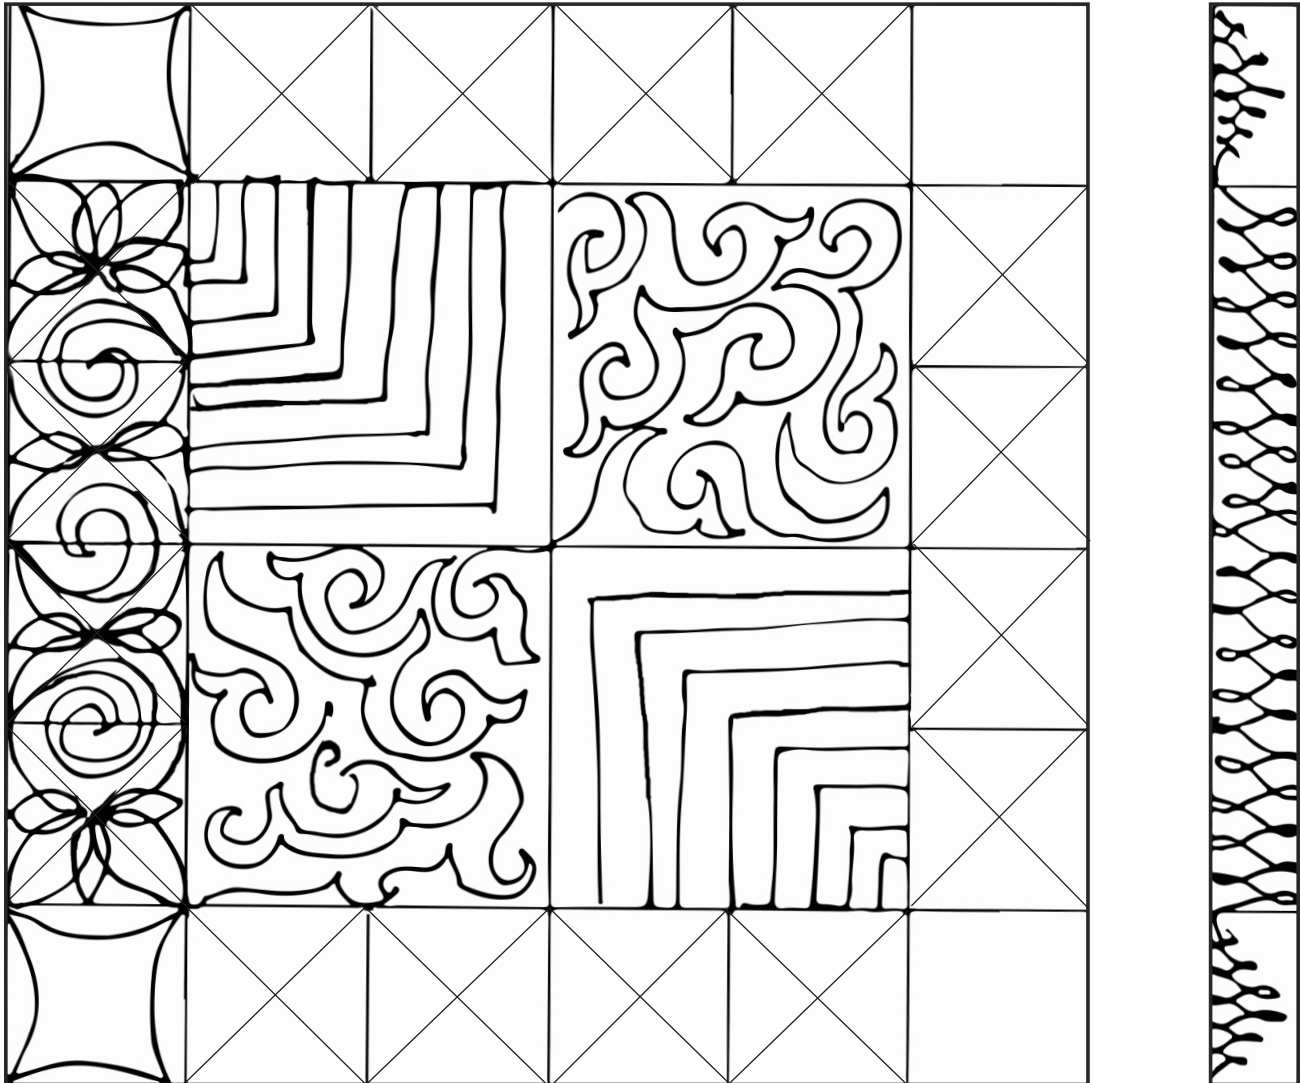

If getting this Four Square Quilt finished is top priority, then a swirl meander is the design to go with! It can be quilted quickly and adds a nice texture to your quilt. When quilting the squares in the sashing, try centering the spiral on the block to give your quilting a more custom look.

## Quilting Diagram

Creating secondary patterns with the quilting is a fun and easy way to add interest to the Four Square Quilt. Echoing just two sides of each square in the four-patch block can “group” blocks together in different ways. Fill in the rest of the space with different free-motion quilting designs, or keep quilting straight lines to fill in the area.
