HAPPY MAKING!

TIPS FOR SUCCESS

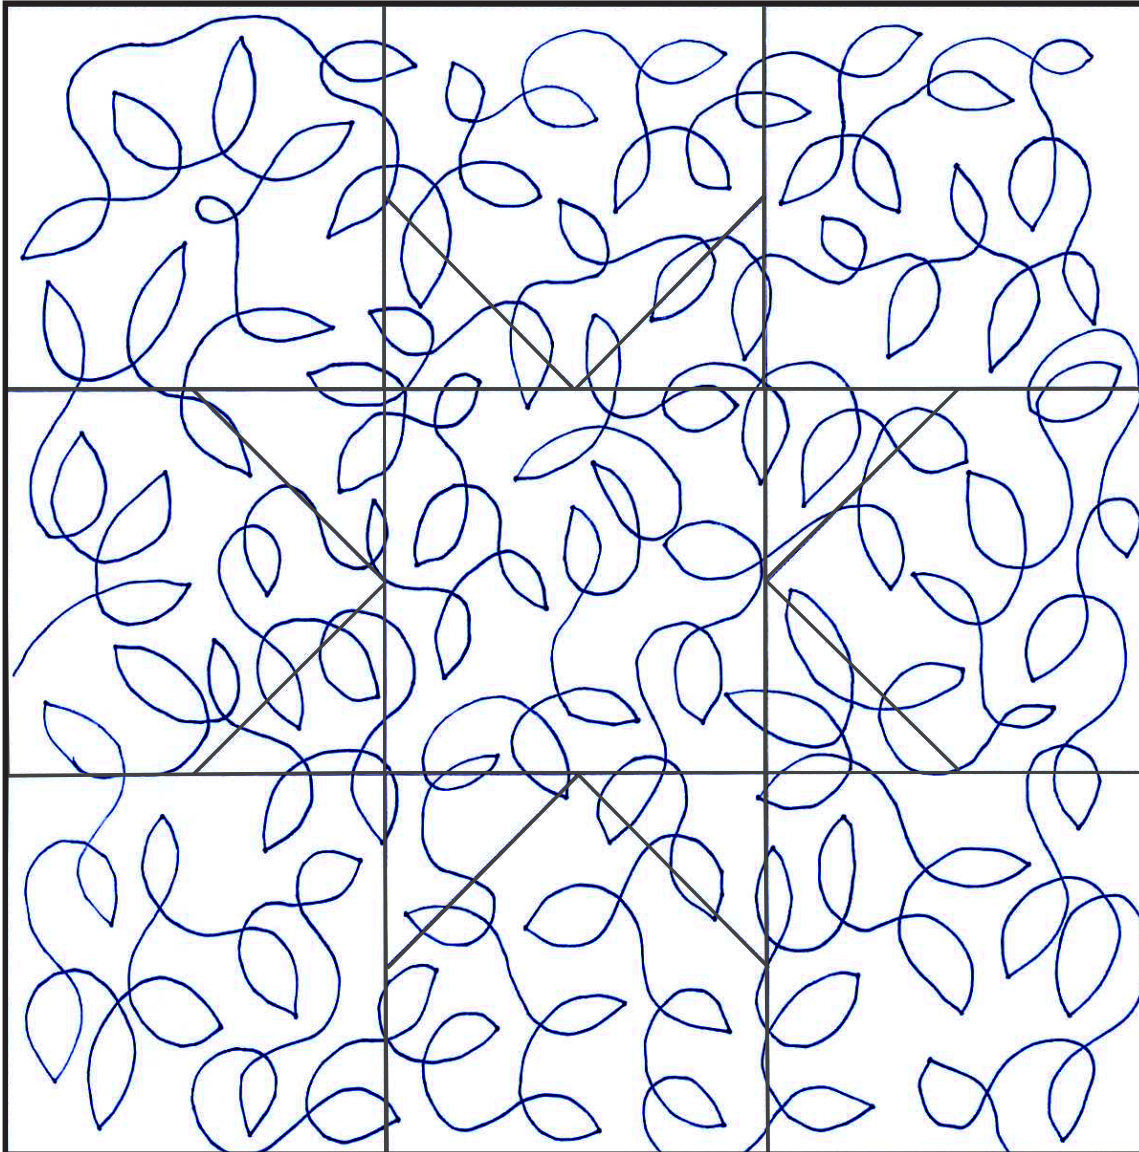

- 1. WATCH THE EPISODE!**
See how Angela pieces and quilts these designs as she works her way through the quilt. Go to youtube.com/midnightquiltshow and search for Stars Squared.
- 2. GET THE DIAGRAMS**
See the next few pages for Angela's sketched quilting designs. These are a great starting point for quilting ideas— whether you want to Turn In Early with something simpler, or stay Up All Night with more free-motion fun.
- 3. GET YOUR MACHINE READY**
Prepare for quilting success by ensuring that your machine needle is sharp. Are you experiencing breakage of your top thread, or skipped stitches? Do you hear a quiet popping sound when your needles move through the fabric? These are all signs that your needle is dull and it's time for a change.

TURN IN EARLY

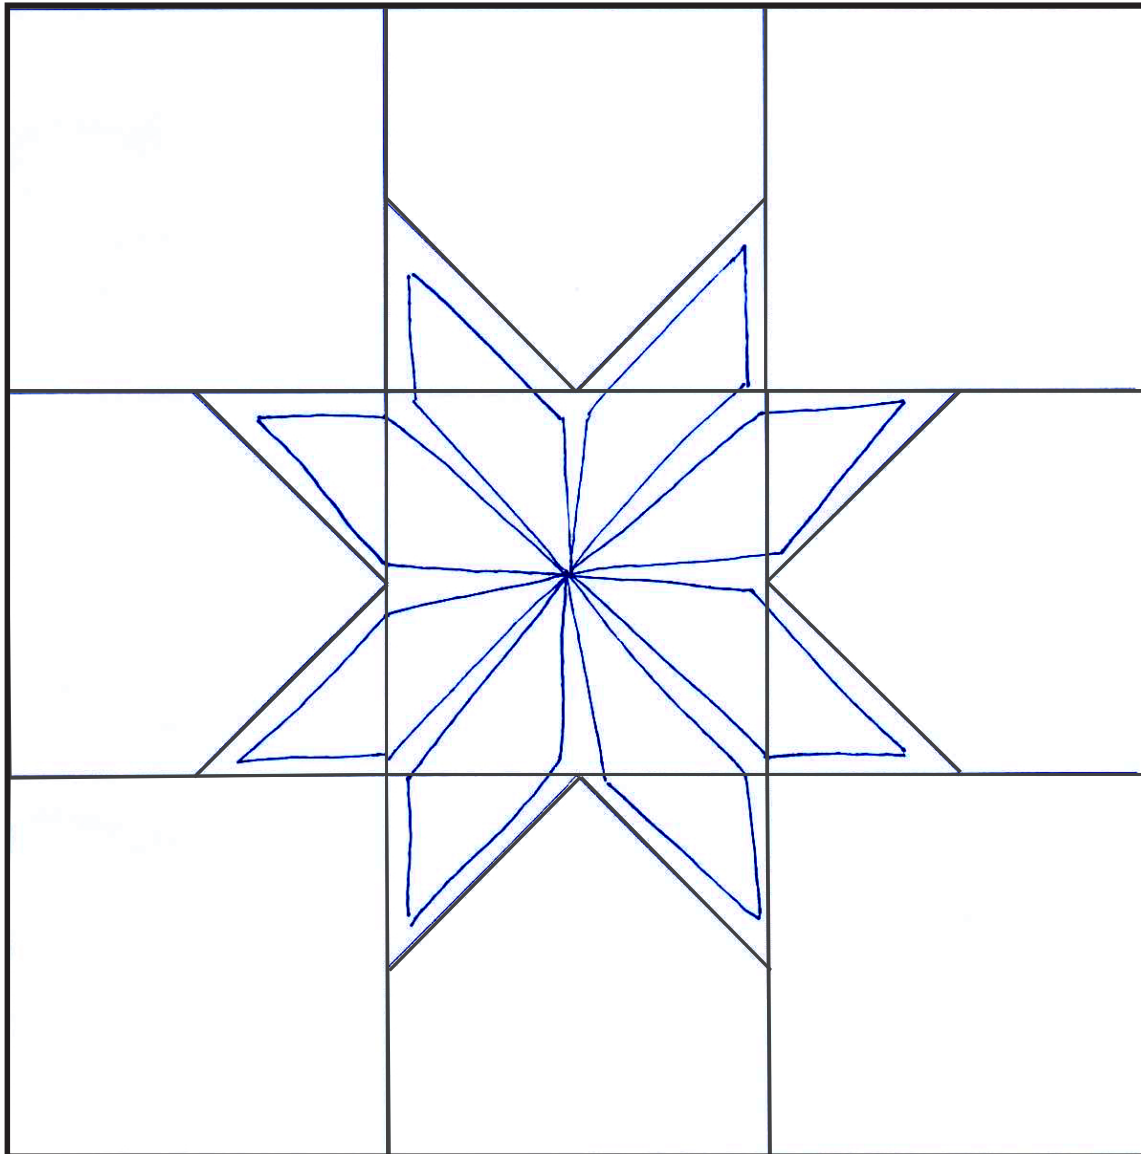

Quilting Diagram

Quilting with stencils is a great way to quilt a design without stressing out about where to go next. If you want to get the quilt finished quickly, try picking a stencil design that has more space between the lines. If you don't want to use a stencil, just try quilting a subtle leafy meander over the whole quilt.

UP ALL NIGHT

Quilting Diagram

If you have a little more time to spend on the quilting, try using a contrasting design in the stars. A geometric dot-to-dot quilting design is a perfect way to highlight the pointy look of the stars without adding too much time to the quilting process. In the rest of the quilt, you can quilt a leafy meander- or whatever design you feel like quilting!
