Tips For Success

- 1. WATCH THE EPISODE!**
See how Angela pieces and quilts these designs as she works her way through the quilt. Go to youtube.com/bluprint and search for Negative Space Quilt.
- 2. GET YOUR MACHINE READY**
Prepare for quilting success by reading through entire pattern before starting. Make sure you have a sharp rotary blade. Are you experiencing breakage of your top thread, or skipped stitches? Do you hear a quiet popping sound when your needles move through the fabric? These are all signs that your needle is dull and it's time for a change.
