**SPECIALTY PRESSER FOOT GUIDE**

FOOT	USE	TIPS
Three-Way Cording Foot (H)	Embellishing with one, two or three decorative threads	Linda prefers the three-step zigzag stitch to highlight decorative threads
Piping Foot	Making and attaching piping up to 5mm	Use piping to separate panels to give structure to edges
Blind Hem Foot (G)	Sewing an accurate blind hem	Sew a reverse blind hem for almost invisible stitches
Open-Toe Satin Stitch Foot	Decorative stitching, quilting and other applications that require high visibility	Experiment with stitch length and width to create different effects
Buttonhole Foot	Creating an automatic buttonhole of the correct size	Use the foot to size buttonholes as well as sew them
